The one and only, Solo

#### **Solo Thomas**

I have been told Solo is the Pet of the Month! Solo would say it's a wonderful honor and that it's about time. This small white bundle of energy is a Bare-Eyed Cockatoo, or a Little Corella as they are known as in their native country of Australia.

### *Polar Plunge 2010*

Lindsay, John, Becca, and Tina entering Lake Michigan

On Saturday, March 6<sup>th</sup> we, along with two other friends, participated in the Polar Plunge for Special Olympics. Thanks to generous donations, we were able to raise \$1,205.00 for this worthy cause. The clients who won our free weekend of pet sitting for donating the most money were, Kristy and Pamela (drummer for the Dekorah Lee Project) AND Tom and Mary (from Northway Fence.) We look forward to Polar Plunge 2011! Thank you again to those who donated.

other Corellas as well. Solo is the only one bought as a baby. He is the life of the party and the Rockstar of the flock. They require huge chunks of their caretaker's time as they thrive on interaction. In fact, they need it or they may begin to pluck out their own feathers.

These are long lived and expensive Parrots to keep, which must be taken into consideration when acquiring one. Wills/trusts and those kinds of things need to be set up in case they outlive their owners. For the right owners they can be awesome companions, being intelligent, loud, playful and cuddly. Solo is all of those things and more. Thanks for having Solo as your Pet of the Month!
